

CEO Message | Brand Alignment Provider Network Announcement Dear

Dear Provider Partners,

This message provides a brief but important update that affects how two of our clinics are identified across the Vivant Health network. Effective immediately, two clinic names have changed:

- University Physical Therapy is now **Vivant Health Physical Therapy**
- University Chest and Sleep Medicine is now **Vivant Health Chest & Sleep Medicine**

This is a DBA naming change only. Nothing else has changed. Ownership, providers, locations, services, daily operations - all of it stays exactly the same. Both clinics continue to operate as divisions of River City Medical Group, Inc. dba Vivant Health.

We know administrative changes can create friction, so here's what matters most for your workflow:

- Existing authorizations issued under the former clinic names, including UCM, remain valid.
- Referring providers do not need to resubmit. Patient authorizations and linked services continue without interruption. Your referral workflows stay the same.

The name update is part of a broader effort to strengthen brand alignment across our specialty clinics and make the connection to Vivant Health clearer for patients and partners alike. Our website and patient facing materials already reflect the new names. Updates within EZ-CAP and provider directories are in progress and will roll out over the coming weeks.

We appreciate your partnership and the care you bring to every patient you refer our way. As always, please don't hesitate to reach out with any questions.

With appreciation for your partnerships,

Sarath Artham, CEO
